## MiracleTech® Security Take the Initiative to Protect Playgrounds and People

Every year, security problems like vandalism, graffiti and theft cost playground owners millions of dollars. With the risk of child abductions and other violent crimes, the human cost of even one incident is more than anyone is willing to pay. For these reasons, we have developed the patented MiracleTech® Security products, for park directors, school administrators, parents, children, and others concerned about vandalism and more serious crimes that can happen at their recreational facilities.
