The first time I met with Mark Boland, I was impressed with his respectfulness, his patience, and his concern for the children of Aplington-Parkersburg Schools. My impressions of Mark and the reputation of the Boland Recreation Company have not changed. These are incredible people to work with when planning to turn a vision for a playground into a reality! Staff from Boland Recreation kept in touch with our key people every step of the way, from initial planning stages through the last tightening of a bolt on the equipment. They were there to answer any questions we had, and the level of support and information we were provided along the way helped make our preparations and the installation go very smoothly. I just cannot say enough about the quality of people Boland Recreation has employed!

Not only are Mark and Boland Recreation's staff amazing, they also market a wonderful product in Miracle Recreation. The play areas we now have available in Parkersburg are amazing, and we are very comforted to know that the warranties on our equipment are the best out there! What a gift for the children of our area to enjoy now and for many years to come! Thank you, Boland Recreation.

Sincerely,

Amy May
