

XTensions

CHAMPIONS TREK™

XTensions

Suspended at an angle and featuring a variety of foot and handholds, kids can climb across these uniquely shaped obstacles in a variety of ways. Maybe they take the shortcut and step across each bottom ledge, or maybe they throw in a twist and climb around the outside of the shape. Whichever path they choose, kids are sure to get a full body workout in addition to a newfound sense of independence.

Material Specifications

XTensions Frame: Shall be made from 3.5in and 5in 11ga. (3mm) galvanized steel tube and 5/8" mild steel block hanger.
